Module: Mahajana public school admission - 8 - form
Severity: High
Priority: High

Summary:
After submitting the Admission Form, “No Data Found” message appears, and the **Go Back to Form** button navigates to the wrong page.

Description:

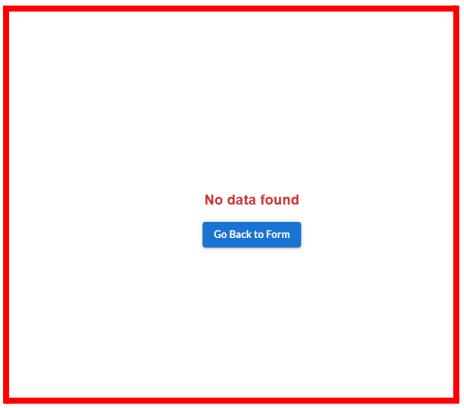
1. After filling the form and clicking **Submit**, the system shows a **“No Data Found”** message even if the form is filled correctly.
2. The **Go Back to Form** button, instead of taking the user back to the Admission Form, **redirects to the home page**.
   This is **confusing for the user** and affects the form workflow.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to **Mahajan Admission Form**
3. Fill the form with valid/invalid data
4. Click **Submit**
5. Observe the **“No Data Found”** message
6. Click **Go Back to Form** button

Actual Result:

- Submission shows **“No Data Found”**
- Go Back button navigates to **starting/home page**, not the Admission Form



Expected Result:

- After clicking Submit, valid submissions should be saved or proper error messages should appear if invalid
- **Go Back to Form** button should navigate **back to the Admission Form page** or the last page the user was on

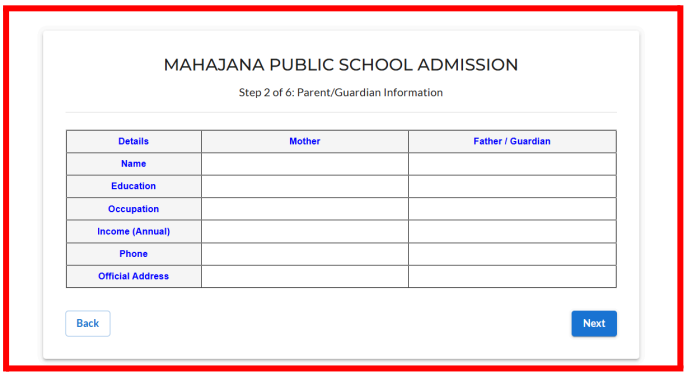
The email field is missing in the Parent Details form but displayed in the Mahajan report.

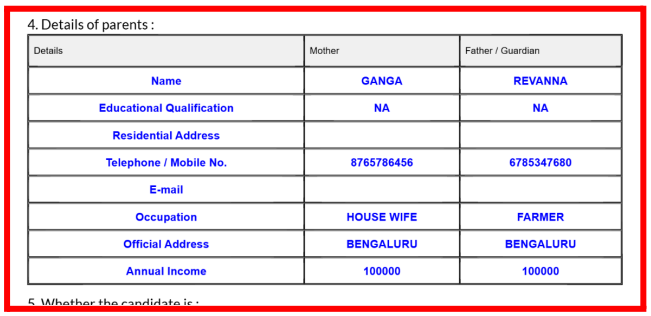
Description: While entering parent details in the form, the **Email** field is not available for data entry. However, after submission, the Mahajan Admission Report displays the Email field. This causes inconsistency between the form and the report and may lead to confusion or incorrect data verification.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to **Parent Details** in Mahajan Admission Form
3. Enter parent data (note that there is no Email field)
4. Submit the form
5. Generate the **Mahajan Admission Report** for the same student
6. Observe that the Email field is displayed in the report

Actual Result:
The email field is missing in the Parent Details form but visible in the Mahajan report.





Expected Result:

- The Email field should be **available in the form** for data entry
- Or, if the data is not collected, it should **not appear in the report**
- Form and report data should be consistent

Summary:
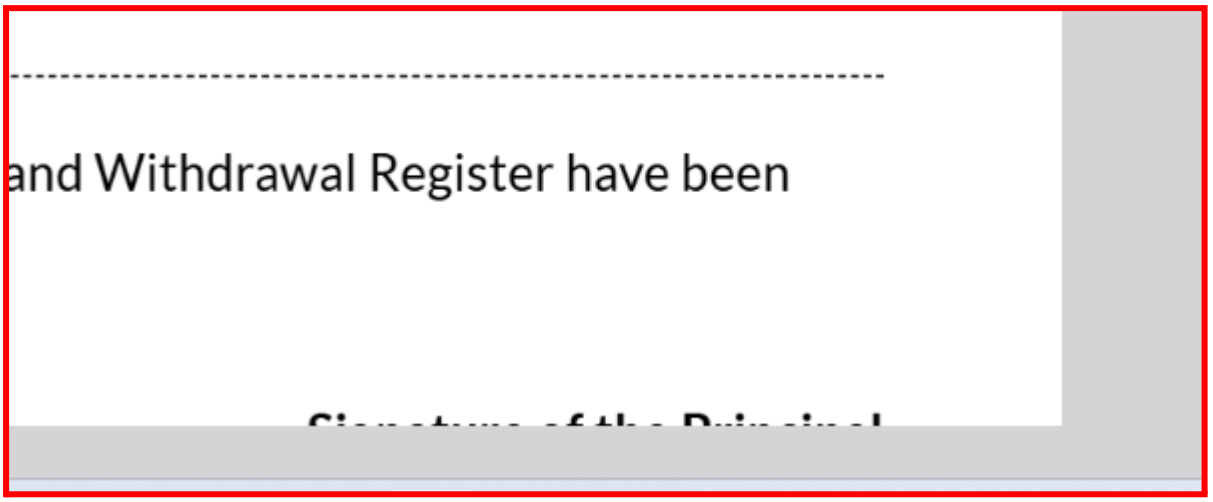
Principal's signature appears below the content and not properly aligned on the last page

Description:
In some reports, the **Principal's signature** is displayed below the content, partially overlapping the page margin or appearing at the bottom of the page instead of its designated section. This affects the professional appearance and may cause the signature to be cut off during printing.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to any report that includes the Principal's signature (e.g., Admission Report, Withdrawal Register)
3. Generate or view the report for any student
4. Observe the placement of the **Principal's signature** on the last page

Actual Result:
The Principal's signature appears **below the main content**, near the edge of the page, and is not properly aligned.



Expected Result:

- Principal's signature should be **properly aligned above the bottom margin** in its designated section
- Signature should not overlap or go beyond the page boundary

Summary:
Academic record does not dynamically adjust subjects based on the student's board

Description:
The academic record/report should display subjects according to the student's **board of study**. For example:

- **State Board** students may have **6 subjects**
- **ICSE** students may have **12 subjects**
- **CBSE** students may have **10 subjects**

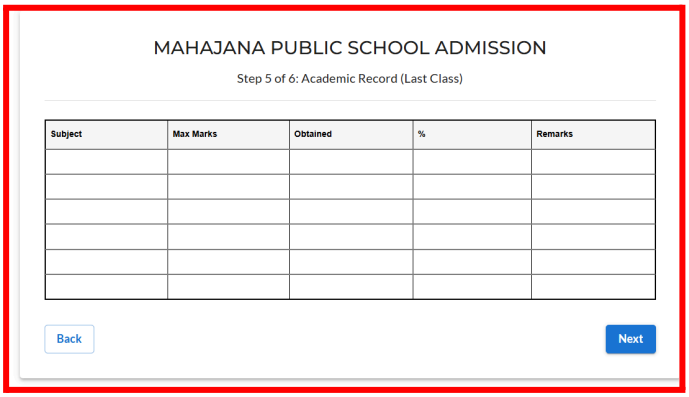
Currently, the report is not adjusting the subjects based on the board. This can lead to incorrect or incomplete academic records in reports.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to **Student Academic Record / Reports**
3. Generate/view the academic record for a student from any board (State/CBSE/ICSE)
4. Observe the number of subjects displayed in the report

Actual Result:

- The academic record shows a **fixed number of subjects** regardless of the student's board



Expected Result:

- The academic record should **dynamically adjust the subjects** based on the student's board:
  - State Board → 6 subjects
  - ICSE → 12 subjects
  - CBSE → 10 subjects (or as per board curriculum)
- Only the relevant subjects for the board should be displayed in the report

Summary:
All text fields show validation errors even for valid input

Description:
All text fields across the Mahajan module are displaying validation errors regardless of the input provided. Users are unable to submit forms or proceed because valid data is incorrectly flagged as invalid. This impacts usability and prevents proper form submission.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to any form in the Mahajan module (e.g., Admission Form, Student Details)
3. Enter valid data into all text fields
4. Attempt to submit the form
5. Observe that validation errors appear for all fields

Actual Result:
All text fields show validation errors even when valid input is provided, preventing form submission.

Expected Result:
Text fields should only show validation errors for invalid input according to the rules defined (e.g., required fields, character limits, format). Valid input should be accepted and allow form submission.

Summary:
Application Number field spacing and capitalization issue

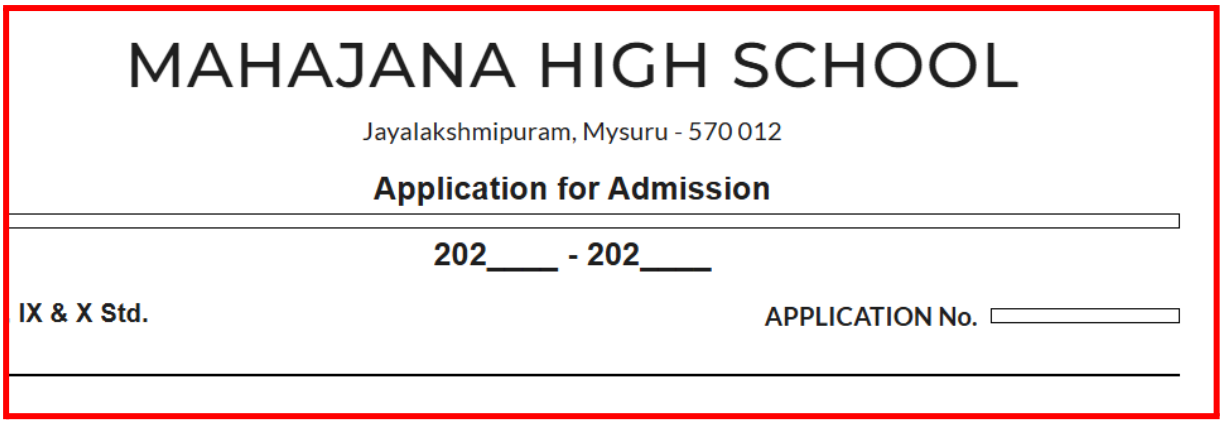
Description:
In the Mahajana High School admission form, the Application Number field does not have proper space for entering the full number. Additionally, when entering the Application Number in all capital letters, the letter “O” is automatically displayed as a small “o,” causing inconsistency and potential confusion. This affects readability and may lead to data entry errors.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to the Admission Form for Mahajana High School
3. Enter an Application Number in all capital letters
4. Observe the spacing in the Application Number field
5. Observe the letter “O” appearing in lowercase instead of uppercase

Actual Result:

- The Application Number field does not provide enough space for the full number.
- The letter “O” in the Application Number is displayed as a small “o” even when typed in uppercase.



Expected Result:

- The Application Number field should have sufficient space for the full input.
- All letters in the Application Number, including “O,” should appear exactly as entered

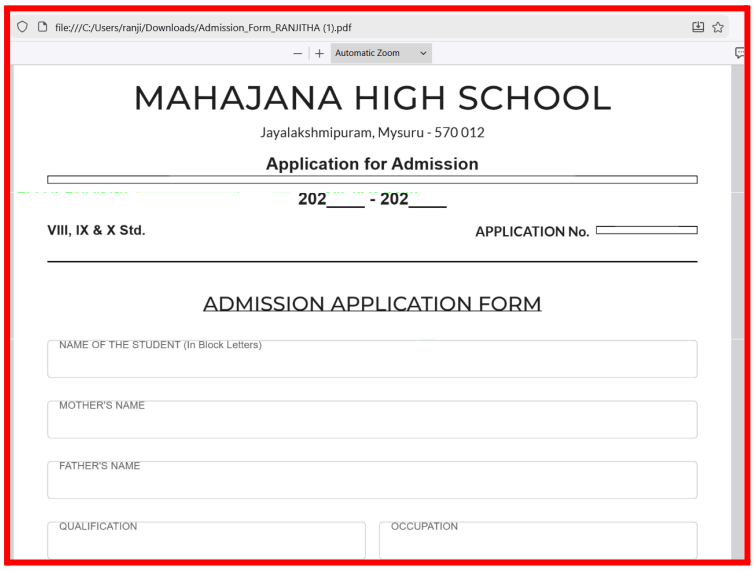
Admission report missing student details except DOB and Address

Description:
In the Mahajana High School Admission Report, most of the student details entered in the Admission Form are not displayed. Only the **Date of Birth (DOB)** and **Address** fields are visible. All other details, including Name, Father's Name, Mother's Name, Class, and other entered data, are missing. This results in incomplete reports and affects official documentation and record-keeping.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to the Admission Form for Mahajana High School
3. Enter all required student details (Name, Class, Father's Name, Mother's Name, Contact Details)
4. submit the Admission Form
5. Generate the Admission Report for the same student
6. Observe that only DOB and Address are displayed; all other entered details are missing

Actual Result:
Only DOB and Address appear in the Admission Report. All other student details entered in the Admission Form are missing.



Expected Result:
All student details entered in the Admission Form should be correctly displayed in the Admission Report.

Summary:
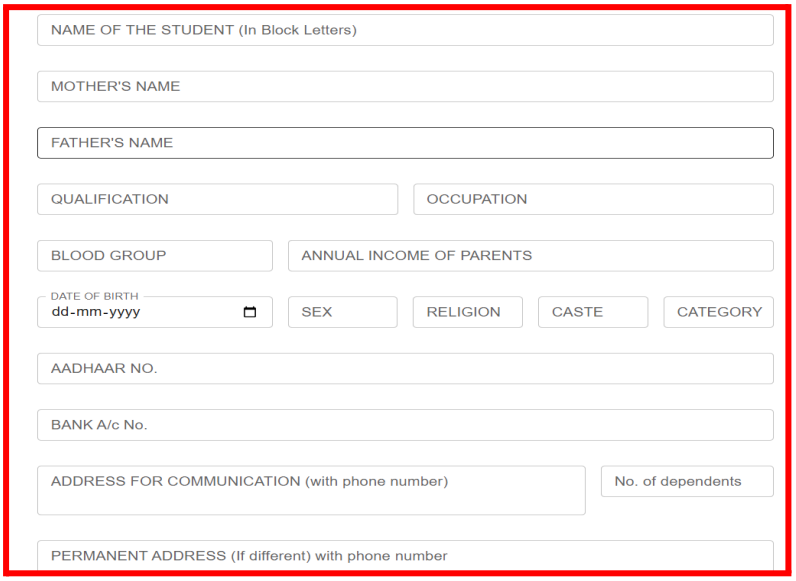
All fields in the Admission Form accept invalid or unwanted data

Description:
In the Mahajana High School Admission Form, all fields are currently accepting unwanted. There is no proper validation implemented, which allows users to enter incorrect information such as numbers in name fields, special characters where not allowed, or invalid formats for email, phone number, etc. This can lead to incorrect data entry and inconsistencies in student records.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to the Admission Form for Mahajana High School
3. Enter invalid/unwanted data in different fields:
    - Enter numbers or special characters in Name fields
    - Enter letters in numeric fields (e.g., Contact Number, Application Number)
    - Enter incorrect format in Email field
    - Leave mandatory fields blank or enter spaces
4. Click **Submit**
5. Observe that all invalid data is accepted without any validation error

Actual Result:
All fields accept invalid or unwanted data. No validation messages are displayed, and the form can be submitted with incorrect information.



Expected Result:
Proper validation should be implemented for all fields:

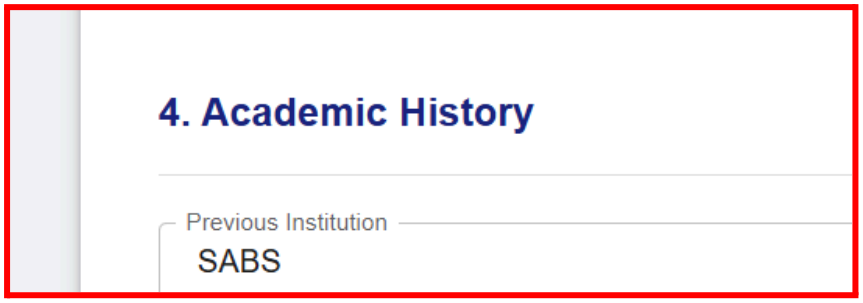
PUC Reg No field in Academic History allows invalid input

Description:
In the Academic History section of the Mahajana Admission Form, the **PUC Registration Number (PUC Reg No)** field is currently enabled and allows users to enter any input, including invalid or incorrect formats. There is no validation implemented, which may lead to inconsistent or incorrect academic records.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to the Admission Form → Academic History section
3. Locate the **PUC Reg No** field
4. Enter invalid/unwanted input (e.g., letters, special characters, or blank spaces)
5. Observe that the input is accepted without any validation or error message

Actual Result:
The **PUC Reg No** field accepts any input, including invalid formats, without triggering a validation error.



Expected Result:
The **PUC Reg No** field should:

- Accept only valid registration numbers in the correct format
- Display a validation error if invalid data is entered
- Prevent submission until corrected

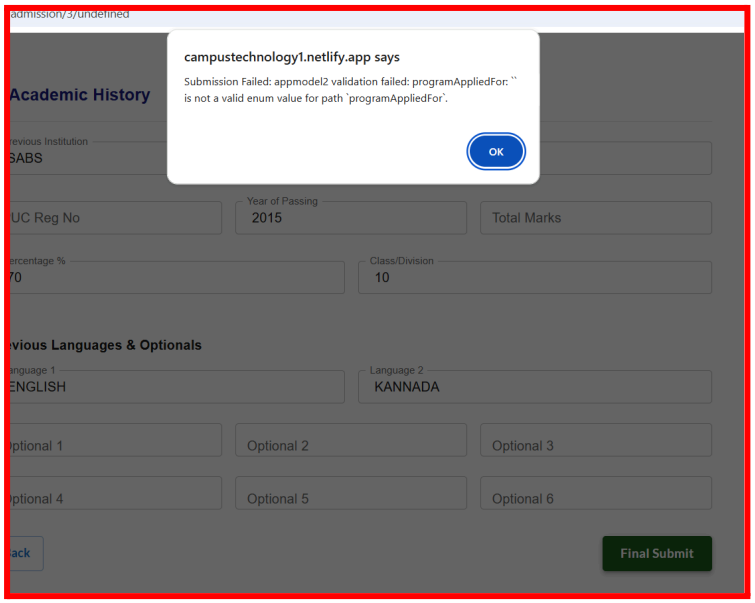
Summary:
Mandatory Academic & Language Preference dropdown causes submission error

Description:
In the First Grade College Admission Form of Mahajana, the **Academic & Language Preference** dropdowns are marked as mandatory. However, since the dropdowns do not display any options from the start, users are unable to select a value. Attempting to submit the form triggers a validation error, preventing form submission and blocking the admission process.

Steps to Reproduce:

1. Login using admin credentials (admin@mes.com / Password@123)
2. Navigate to the First Grade College Admission Form
3. Observe the **Academic & Language Preference** dropdowns
4. Try to submit the form without being able to select a value
5. Observe that a validation error is displayed, and the form cannot be submitted

Actual Result:
Submission is blocked because the mandatory dropdowns have no selectable options, causing a validation error.



Expected Result:

- Dropdowns should display the available options from the start
- Users should be able to select a valid value and submit the form successfully
- Validation errors should only appear if a mandatory field is left blank **after options are available**
